NAVIGATION

The Princess F50 is fitted with an autopilot (with rate gyro) and Volvo/Garmin 16" multifunction displays at lower and upper helm incorporating GPS/chartplotter, echo sounder, log trip as well as engine instrumentation and autopilot controls. Fuel gauge and helm position indicator are also displayed.

Please note:

1. If additional multifunction displays are not specified the single 16" screen is fitted centrally.
2. The Volvo/Garmin 16" screen looks exactly like the Garmin 16" screen, the difference being that it incorporates Volvo software to display engine and autopilot information.

When a Garmin 16" screen is fitted alongside the Volvo/Garmin screen, the physical appearance is the same, but the graphics differ slightly. Also, whilst navigational information can be transferred between the screens, engine information and autopilot control can only be shown on the Volvo/Garmin screen which is fitted as standard at both control positions.

The standard black water tank (approx. 150 litres / 33 imperial gallons/40 US gallons) includes a remote tank contents gauge. The toilets discharge directly into the black water tank. The black water tank has both dockside and manual overboard discharge facilities fitted as standard

As standard all sinks, showers, washing machine (when selected) and dishwasher (when selected) will discharge overboard

- | | | |
|--------------------------|--|------------------|
| ☐ | <p>Electric discharge</p> <p><i>In addition to the manual overboard and dockside discharge facilities an electric overboard discharge system is fitted. The electric overboard discharge system incorporates an electric valve with timer. When the pump is turned on a time delay allows the electric valve to open before the pump starts. When the pump is switched off the valve closes. This means the through hull seacock does not need to be opened/closed every time the pump is switched on. The through hull seacock is itself fitted with a micro switch which prevents operation of the pump when it is closed. The electric valve has a manual override facility</i></p> | <p>£4,215.00</p> |
