| <input type="checkbox"/> | Mosquito screens for all opening portholes | £935.00 |
|--------------------------|--|---------|

HOLDING TANK / TOILETS

The standard black water tank includes a remote tank contents gauge. The toilets discharge directly into the black water tank. The black water tank has both dockside and manual overboard discharge facilities fitted as standard

As standard all sinks, showers, washing machine (when selected) and dishwasher (when selected) will discharge overboard

- | | | |
|--------------------------|---|-----------|
| <input type="checkbox"/> | Electric discharge
<i>In addition to the manual overboard and dockside discharge facilities an electric overboard discharge system is fitted. The electric overboard discharge system incorporates an electric valve with timer. When the pump is turned on a time delay allows the electric valve to open before the pump starts. When the pump is switched off the valve closes. This means the through hull seacock does not need to be opened/closed every time the pump is switched on. The through hull seacock is itself fitted with a micro switch which prevents operation of the pump when it is closed. The electric valve has a manual override facility</i> | £4,465.00 |
|--------------------------|---|-----------|
