inkl. 7.7% MWST - ex Plymouth

MOSQUITO SCREENS

- Mosquito screens for all opening port lights £813.00

HOLDING TANK / TOILETS

The standard holding tank (approx. 55 gallons / 250 litres) includes a remote tank contents gauge. The toilet can discharge directly into the holding tank but also has the ability to discharge directly overboard via a Y valve fitted in the discharge line. The holding tank and has both dockside and manual overboard discharge facilities fitted as standard

- Electric discharge £3,635.00

In addition to the manual overboard and dockside discharge facilities an electric overboard discharge system is fitted. The electric overboard discharge system incorporates an electric valve with timer. When the pump is turned on a time delay allows the electric valve to open before the pump starts. When the pump is switched off the valve closes. This means the through hull seacock does not need to be opened/closed every time the pump is switched on. The through hull seacock is itself fitted with a micro switch which prevents operation of the pump when it is closed. The electric valve has a manual override facility

- Aft cabin toilet to be connected into holding tank system £312.00

- Run all sink / shower outlets into standard grey water tank with discharge into holding tank £269.00
