

 **COBALT BOATS**
EXPERIENCE EXTRAORDINARY

R26

R26

Crafting memories that matter.

The boat to shape your best days.

Sleek, stylish and smart, the R26 is our newest way to enjoy more of what makes a Cobalt experience so memorable.

Designed to cut through the waves with ease, the R26 luxury sport runabout delivers the performance, handling, stability and comfort you want, so you can please family and friends from sunup to well past sundown.

Its overall length of 26' 5" accommodates up to 14 people, and its impressive list of power options – with up to 430 hp from a choice of Volvo, Monsoon or Mercruiser engines – yields fast, smooth rides, whether you're out for a morning cruise or a day of watersports. And fun is always included, with an extra-long swim platform and a conveniently placed aft storage cubby to handle boards and inflatables.

Its flexible seating offers room to gather, lounge in the sun or stay close to the water, and the R26's helm feels intuitive from the moment you power up. Optional dual 12-in. Garmin screens give you unmatched situational awareness in the cockpit, and tower upgrades include your choice of a fully electric folding model or a new Ultra-Lite Hardtop on our redesigned Prisma Tower.

Luxury touches are available throughout, from an intuitive joystick docking controller and rear-view camera, to Harman Kardon sound systems that incorporate subwoofers and tower speakers. Comfort features include side entry and a standard Porta-Potti head, with such options as a dinette table and sink, and a range of custom finishes.

So, when do you want to start crafting some of your best days?
