

R31

R31

The perfect way to enjoy a weekend.

On the water with family and friends.

An ideal choice for family boating, Cobalt's new Model R31 sterndrive is a 'just-right' sized day boat that also offers style, ample interior room and a full complement of luxury features. With its 31' 5" LOA and 9' 10" beam, the R31 delivers smooth handling, impressive performance, luxury amenities and the comfort of Cobalt's legendary ride.

The R31's sleek lines and contemporary design reveal a deep cockpit and greater freeboard for a more spacious interior and larger bow and cockpit areas. Standard features include dual touchscreen Garmin displays, digital switches, joystick controls for effortless maneuvering, a wealth of cup holders, a side-entry step, a below-deck head, a swim platform with flip-down step and a six-speaker audio system.

Options include a variety of audio upgrades, including a Harman Kardon "Platinum Audio" package – a 14-speaker, 4,000-watt system acoustically tuned to your boat – along with a bow- and-head-accessible watersports closet, programmable RGB LED lighting, a hydraulic swim platform upgrade, a hardtop soundbar, and a food-prep galley with a refrigerator drawer and pull-out walnut charcuterie board.

Other available operational features include a SeaKeeper gyroscopic stabilization system, Cobalt's patented Splash & Stow inflatables management system, up to five wireless phone chargers, hull side windows, multiple tower styles and even a rear-view camera.
