KL25

The Sessa Marine Key Largo 25 is a compact, fully equipped, and fast boat, built and outfitted to yacht-quality standards, with meticulous attention to finishes and detail. The generous open spaces, functional layout, and on-board solutions offer comfort, freedom of movement, and high livability. Balanced proportions, a sporty character, and a contemporary design language define a versatile and distinctive vessel, crafted to experience the sea with style and simplicity.

CONCEPT

THE BOAT is designed to offer high on-board livability, protection, and comfort while maintaining a sporty, balanced, and instantly recognizable profile. The sheerline enhances the vessel's volumes and seamlessly connects the bow and stern areas.

THE PORT SIDE FOLD-DOWN TERRACE, unique in its category, expands the usable cockpit area and creates a direct connection with the sea, becoming one of the project's defining features.

KL MINT UGREEN

Contemporary freshness and a sporty soul.

Designed for owners who wish to stand out with a touch of dynamism and personality, the Mint Green configuration features a light blue hull. In contrast, the dark gray upholstery provides an elegant chromatic base, enhanced by vivid blue details and stitching that recall the hull's shade.

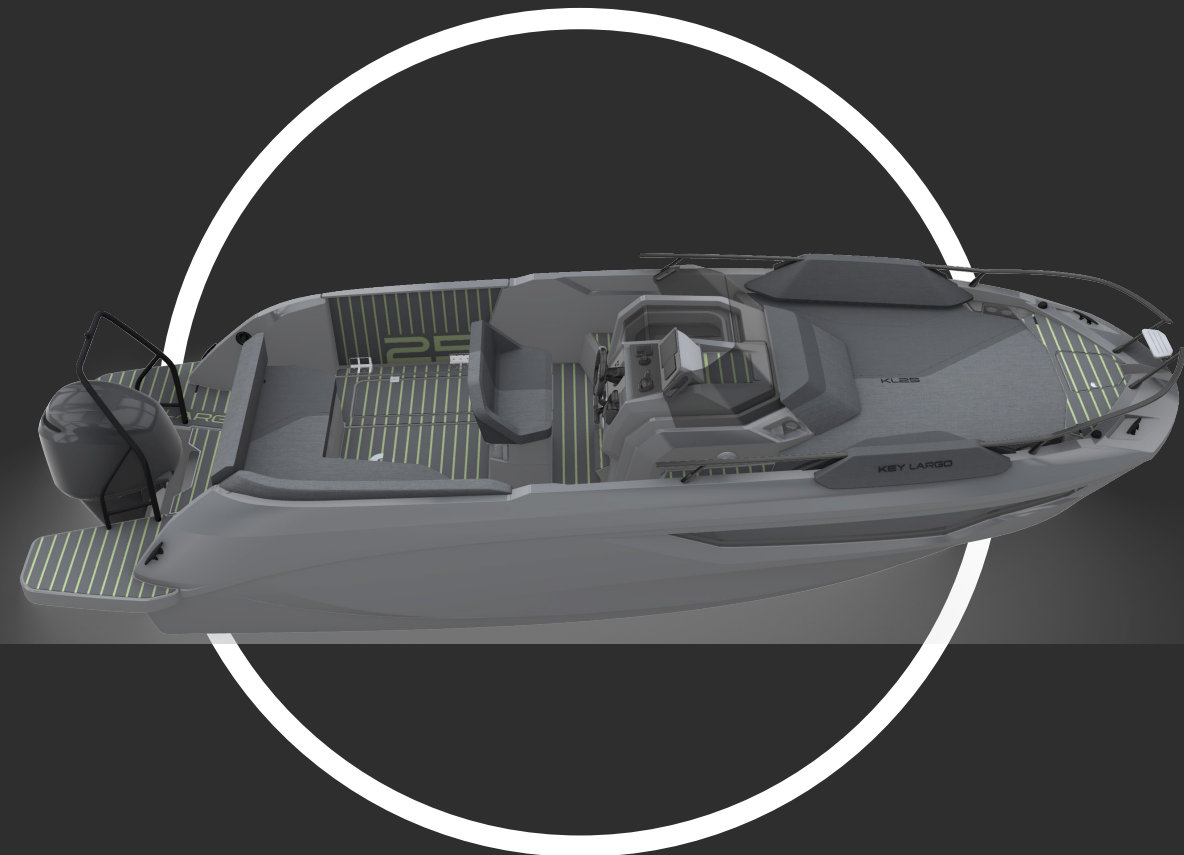

KEY LARGO

KL MOON UGRAY

Sophisticated contrasts.

The Moon Gray version embodies a vision of contemporary, minimal elegance. The charcoal gray hull pairs perfectly with tone-on-tone upholstery, creating a refined and understated atmosphere on board. Breaking up the monochrome palette is the gray synthetic decking, accented with bright mint green grooves.

PRECIOUS DETAILS

The embroidered logo on the backrests, the dashboard finishes, and the meticulous outfitting complete a harmonious ensemble, consistent with yacht-level standards and designed for a youthful, contemporary on-board experience.

Vacuum-infused construction optimizes material usage and weight reduction, helping to improve the boat's efficiency while reducing fuel consumption and environmental impact. The decking, available in synthetic material or foam, rounds out the design by combining aesthetics, comfort, and easy maintenance..
